

# MEETING PLACE PRAYER

**The Meeting Place is a simple way to tune into the reality that God is with us, rather than someone far off that we talk at and hope to hear back from.**

Imagining a literal meeting with Jesus reminds us that He is a person complete with a personality, a will, and intention. These times will also underscore that our relationship with Him is personal and unique.

- To begin, sit in a comfortable but alert position and allow your thoughts to wind down. Close your eyes to eliminate visual distraction and wait on the Lord.
- You can either choose a place to meet or ask God where He would like to meet you. You can choose a favorite biblical image (green pastures of Psalm 23, throne room in Revelation 4, etc.) or a physical place from your past or present life. Ask God to show as many details as He wants.
- In that place, where would you be? How old would you be? What would you be doing?
- If God were to come meet you there, how would he come to you? What form does he take?
